

**YORKVILLE EYE CLINIC  
DR. BARBARA CAFFERY**

**RESEARCH PARTICIPANTS NEEDED FOR AN UPCOMING DRY EYE STUDY**

We need three groups of 20 participants each for this study:

1. Participants who have dry eyes due to Sjogrens syndrome.
2. Participants who DO NOT experience symptoms of dry eyes.
3. Participants who have severe dry eyes not due to Sjogren's disease.

**REQUIRED APPOINTMENTS AND LENGTH OF APPOINTMENTS:** There will be a single study visit for approximately 2 hours.

**SCHEDULING OF APPOINTMENTS:** All appointments will be conducted on a Friday or Saturday starting at 9:00 a.m in the fall of 2007.

Participants will be reimbursed for their time.

If you DO NOT have sensitivity or allergies to diagnostic pharmaceuticals such as anesthetic drops and would like more information, please call Yorkville Eye Clinic (Dr. Caffery's office) at 416-921-2375 and speak to Stephanie who is the study coordinator.
